

# Farmers, landowners, landscapers and builders – can you afford to miss these offers?

- Do you have land that needs improving?
- Are there dips, gullies or ravines that are a danger to people, animals and machinery?
- Do you have a boggy field? Soggy gateways?
- Could you use a new or better trackway or add to some foundations?
- Would a new parking area be useful?
- Or do you have rock, subsoil or rubble to take away?

The Bath & District Self Build Association (BADSBAs) can offer you surprisingly affordable solutions for uncontaminated rock or soil or demolition rubble – minimum delivery or collection 40 cubic metres. Ask about local free offers and special prices. And BS certified topsoil for sale in Somerset.

Just think what could happen with 50,000 cubic metres or more.

We can serve anywhere around the M4 / M5 corridors, areas in between, and generally across the Westcountry.

Help self-builders, landowners and contractors to recycle spoil and prevent unnecessary landfill.

**Phone BADSBAs 07977 901944 or 0845 3921147 today. Some great special offers may be available.**
